### **Disclosures:**

All speakers and/or planners (including their spouses and partners) for OMA continuing medical education programs have voluntarily disclosed their relationships with commercial interests and companies within the last 12 months. The ACCME defines a commercial interest as “any entity producing, marketing, re-selling, or distributing health care goods or services consumed by, or used on, patients. The ACCME does not consider providers of clinical service directly to patients to be commercial interests - unless the provider of clinical service is owned, or controlled by, an ACCME-defined commercial interest.” This disclosure is in compliance with the standards promulgated by the Accreditation Council for Continuing Medical Education.
